

# DIGITAL PRESSURIZATION GAUGE

## > Model CMT & PDN20

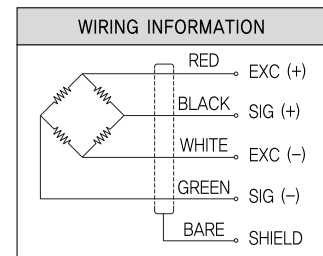

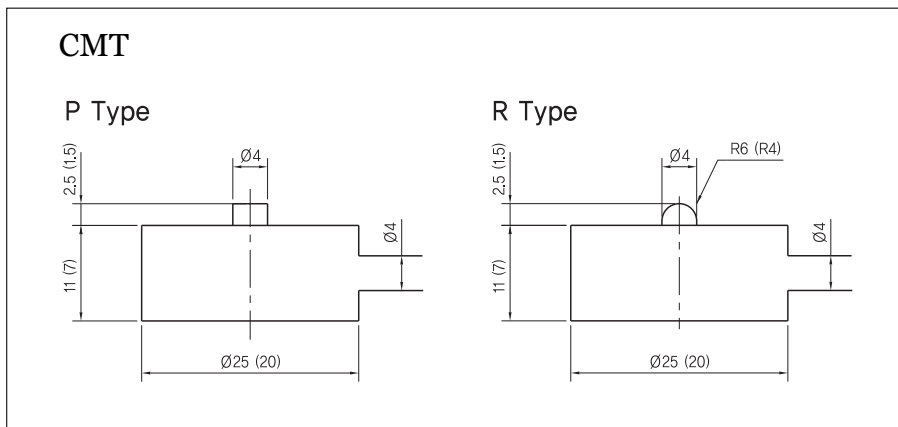

Portable calibrator

To measure electrode force precisely with ease

This compact unit measures electrode force, one of three major factors on welding, accurately and easily.

### Function

- PEAK HOLD FUNCTION
- AUTO ZERO
- Relay output (hi,low)
- AUTOMATIC POWER OFF

## > SENSOR (CMT)

Model	CMT-500P/R	CMT-100P/R	CMT-20P/R
Measuring Range	0-4900N (0-500kgf)	0-980N (0-100kgf)	0-196N (0-20kgf)
Critical Load	7350N (750kgf)	1470N (150kgf)	294N (30kgf)
Sensing Error	±2% (of full scale)	±2% (of full scale)	±2% (of full scale)

## > MAIN BODY (Indicator)

Model	PDN20
Power Source	Rechargeable battery
Display (LCD)	5 digit, UNIT CONVERSION(kgf, N, lbf)
Zeroing Adjustment	Automatic regulation by auto-zero-switching
Hold Function	Peak-holding
Output	USB output
